Series Lounge
Chaise longue and corner elements.

Upholstered-furniture range with corner elements and chaise longue - based on cubic elements with backrest. With function seam between seat surface and backrest for inserting variably positionable armrests.
Construction consisting of an inherently stable body of wood material with foam upholstery and wadding-fleece padding.
Frame made from chrome-plated circular steel brackets with two seating heights with plastic, felt or dual-component universal glide elements and height adjustment.
Combination. Individual elements can be combined to create seating landscapes.
The following material groups are available to choose from: Frame made of steel: M(chrome-plated); Fabric cover: S16,45,46,51,53.
