## Level-VF

### The ergonomically designed students' chair for multi-year classroom groups.

Frame made from curved, powder-coated or chromium-plated circular steel tube with height-adjustable foot support (optional in 31429) that can be adapted step-by-step to the required size without any tools. Two robust cross-pieces between the skids ensure the smooth, precise guidance of the foot supports.

Chair sizes for seating at high 71 or 76 cm tables. In 2 fixed sizes each with 4 foot support settings, two of which comply with DIN EN 1729.

Seat shell made from beech plywood with anti-slip paint. With covered seat fixing and grip hole.

Equipment and options. Glide elements for hard or soft floors or dual-component multipurpose glide elements or, optionally, interchangeable glides with replaceable glide elements. Optionally available with table edge protection for piggy-back chair stacking.

Recommendation. The Level can be combined with school tables of height 71 or 76 (without book shelf and chair suspension).

The following material groups are available to choose from: Frame made of steel tube: M1,(chrome-plated); Seat and backrest: H1.
