NetWork
CPU accessories.

CPU–grid for attachment of further hanging shelves to the table side. Powder-coated steel rod. The grid is secured in the functional gap between table top and frame.
CPU–holder for attachment of the CPU to the table side.
L–shaped grid of powder-coated steel rod. The holder is inserted into the functional gap between table top and frame. Further shelves can be hung onto it. The CPU is secured with a strap and quick-release fastener.
Hanging shelves are of melamine-resin laminated LIGNOpal chipboard with glued-on (KU) plastic edges and rounded corners. Fitted with a bracket of arctic-colored powder-coated steel rod for hanging onto the CPU-holder and CPU-grid, for the upper and lower positions.
The following material groups are available to choose from: Frame made of steel tube: M1,(chrome-plated); Top made of LIGNOpal–plastic/beech: L3; Top veneered: F1.
