## Profil-800 Cupboard with wing door.

Construction consisting of glued bodies with square legs or corner posts of solid wood with a beech veneer coating. Additionally with a solid cross-post on the base and optionally with a cover top.  
 Body made of melamine-resin-coated chipboard with glued-on plastic edge. Partially with glued center walls for dividing the bodies. With grid holes (25 mm) for shelf inserts.  
 Front with 1 double wing door or if center wall is flush with body with 2 single wing doors to be opened separately.  
 Optionally with cylinder or turning-knob locks.

Bow handles made from steel, wood or plastic, inset-type handles made from plastic and olive handles made from steel.

Interior equipment with shelf inserts.

The following material groups are available: Frame made of wood: H(natural); Front made of chipboard: L5, (orange, light blue, light green); Body and bases made of chipboard: L5.

	Rows of holes: 1".
