Top surfaces. For the production of tables and panels for the bodies of clad furniture such as cupboards and sideboards, three-layer quality fine chipboard E1 (DIN EN 312) is used. The panels are laminated with **real wood veneers** which after cutting to size and sanding are given several coats of clear varnish or stained and varnished. Only water-based varnishes are used.

**Important note.** Material and colour charts produced by printing can deviate slightly from the original and the colours are not necessarily exactly true. The same applies to ink-jet or laser prints from PDF files.
